Frequently Asked Questions

What Can I Expect?

We will arrive with our animals at least 30 minutes prior to the designated start time, clean and dressed to impress. We love to match the animals to the theme of your event. Please provide us with the colors and ideas you have, and we will make it happen. One to two handlers will accompany each animal to assist with photos.

What types of things can the animals serve in their baskets?

Our animals can serve any beverages (or party favors, snacks that are individually wrapped, or programs, etc.) you provide. We do not provide or sell any beverages. The venue or party host will need to provide the drinks; the animal simply transports them. If you are looking for a vendor to supply and/or serve alcohol at your wedding, please let us know, and we will connect you with our preferred vendor.

Do You Only Book for One Hour of Operational Time?

Generally, yes. After attending numerous weddings and events, we have found that guests love the animal experience, their drinks from the adorable server, and taking photos with the animals. However, after an hour, they tend to be hungry, relaxed, and ready to move on to the main event. This unique experience is best enjoyed in one hour. Additional time can be arranged if desired.

Do the Animals Make a Mess?

The animal will be equipped with a "bun bag" that conceals any waste, rarely resulting in any mess. This discreet bag is tucked under their tail, ensuring we "leave no trace" at your beautiful venue! The animals are non-destructive to property and landscaping and are very friendly.
